Student pursuing B Tech CSE AIML

adithyachowdarybotla123@gmail.com

Chennai

SUMMARY

I am currently pursuing B Tech CSE in specialization AIML, passionate and driven with a strong interest in software development, data management, and emerging technologies. I enjoy building practical solutions through coding and have gained hands-on experience in Java, web development, and database systems through academic and personal projects. I'm eager to apply my skills in real-world environments and continuously learn and grow in the tech field.

2023-2027

BTECH

SRM institute of science and Technology -KTR
Currently pursuing B.Tech 3rd year Computer Science
Engineering with specialization AIML with 8.0 CGPA in 3 semesters

2021-2023

SECONDARY

Loyala Pulic School
70%

2021

HIGHER SECONDARY

Little Flower School
82%

SKILLS

- C
- C++
- JAVA
- oops
- HTML
- CSS
- PYTHON
- Communication
- Analytical Thinking
- Problem Solving
- DSA
- DAA
- MYSQL

CERTIFICATIONS

- web3 & Crypto 2ND Runner up
Quicklabs Developers SRMIST -KTR
- Certification of Participation **ULTRON-8.0 SRMIST-KTR**
- DBMS **Coursera**
- C, HTML, CSS Java Script , python
Developer **Udemy**
- Learnx ISO certificate

PROJECTS

ELECTION MANAGEMENT SYSTEM

Election Management System is a digital platform designed to streamline and secure the entire electoral process. It manages tasks such as voter registration, candidate nomination, ballot creation, vote casting, and result tabulation. The system ensures transparency, accuracy, and efficiency in elections by automating processes, preventing fraud, and maintaining secure and auditable records.

ATM SIMULATOR

ATM Simulator is a software application that mimics the functionality of a real Automated Teller Machine. It allows users to perform basic banking operations such as checking account balance, depositing money, withdrawing cash, and changing PINs. The system ensures user authentication and provides a secure, interactive interface to simulate real-world ATM transactions.

INKLUZAPP (CURRENTLY WORKING)

InkluZapp is an inclusive accessibility app designed to support individuals with disabilities by providing helpful tools, resources, and navigation assistance. The app promotes social inclusion by offering features like accessible location mapping, voice assistance, emergency support, and community engagement. InkluZapp aims to break barriers and foster independence for users with diverse needs.
